24th September 2008

Dear Parents

We now have the result of the recent admissions adjudication.

I am sorry to inform you that we will no longer have a cross sibling connection with Watford Grammar School for Boys. This means that:

1. Applicants applying for a place at either school who have a child already in the other school will not receive any priority and will have to take the test or qualify on distance.
2. There are some other minor changes which will not affect applicants directly.
3. The full determination is attached with this letter.

The decision does not affect the same sex sibling rule.

The Joint Admissions Committee will meet shortly, after which I will write again.

Yours sincerely

Helen Hyde
Headmistress
