## Fashion Evening

**Well, once again the Fashion capitals of the world paled into insignificance as Watford Grammar School for Girls hosted its own Fashion Show on Thursday 25th March 2010.**

People were eager and anticipation was high as the audience arrived in the Main Hall. Guests were offered a glass of wine or a soft drink and some tasty nibbles and they then took their places around the catwalk in eagerness of the fashion spectacular they had been promised. They were not disappointed. The models (girls at the school and their mothers) looked true professionals as they sashayed up and down the catwalk with poise and elegance, showing off the clothes and accessories to perfection. The clothes ranged from high street retailers to Designer names and all looked wonderful. Each model wore different outfits from casual to pure "glam" and obviously enjoyed themselves as several have asked when the school is hosting the next Fashion Show and if they can model again!

After the models had showcased a selection of the clothes and accessories, the audience was able to browse through the huge range of clothes, try them on and buy them...each and every purchase raising money for the school.

**Some comments from the audience included:**

*"I would never have thought of buying something like that, but seeing it on someone else has inspired me... I love it!"*

*"Fabulous clothes and wonderful accessories... I never find these things on the high street. I am so glad I came this evening."*

*"I have been looking for an outfit this colour for ages... I am leaving here very happy!"*

If you weren't able to attend this show, keep looking on the PA Calendar of events on the website for the next one!
