**Did you work out who killed Adrian and why?**

This was a fantastic evening. The first of its kind performed here at Watford Girls but certainly not the last!

We were treated to a first class theatrical performance and then perfectly timed pizza and interrogation of the characters. A cash bar was lubricating the brain cells and a choice of six delicious desserts followed. Add to this a game of "Heads and Tails", an auction of two delicious cakes and a very popular raffle and everyone left having had a wonderful evening!

If you weren't able to attend this show, keep looking on the PA Calendar of events on the website for the next one!
