

WEEKLY NEWSLETTER

10th July 2020

Dear Parents and Carers,

On Monday I will be publishing details of how WGS will be adapting our on-site provision to meet the government guidance on the return to school of all pupils. In the meantime, you may be interested to know that Innovate Food has created an app that will be available for all pupils and parents to pre order food.

This will reduce the need for pupils to use the biometric system and can be used via their website rather than their mobile phones. More information will be available in September but here is a preview: <https://www.youtube.com/watch?v=pIRTgb3y64Q&feature=youtu.be>

Junior Maths Challenge

Congratulations to the girls who took part in the Junior Maths Challenge, which is a national competition. We had lots of girls who did very well with **four Year 7 students and three Year 8 students achieving gold.**

Special mention must be given to **Paavani** who not only got the highest score but also achieved a staggering 130/135 with just one incorrect answer. It is really tough so this is an amazing achievement!

School Leavers Address

If your daughter is in Year 11 or 13 then please let her know that Prime Minister Boris Johnson addressed all school leavers at 10.00am today on Facebook and YouTube and a recording of the address is available to view on both platforms.

Staying Safe This Summer

Please find below a link to a 29 minute assembly the school PCSOs have put together on how students can keep themselves safe over the summer.

This includes signposting to **mental health** support but also has significant sections on **online safety** (including inappropriate images and malicious messages online) and a section on **grooming** as this is something that some students may be more likely to experience as they spend more time in public spaces over the summer.

You may want to watch this and then discuss some of the points raised, with your daughter: <https://www.youtube.com/watch?v=II000ZW7dcw&feature=youtu.be>

Best wishes

Sylvia Tai
