

WEEKLY NEWSLETTER

6th May 2021

Dear Parents and Carers,

Regular readers of my newsletter will know that I like to celebrate the girls' achievements, as members of a group and as individuals. I rely heavily on parents telling me about what their daughters are doing, because so many of our students rarely think that what they do is extraordinary or even newsworthy. If you would like me to mention your daughter's work as a volunteer, or in music, sport, drama, academic enrichment or competitions, then please do email me: head@watfrordgirls.herts.sch.uk. I will mention her in my newsletter and with your permission, also add her to our social media feed. Let's celebrate our amazing students!

Congratulations to Year 7 Mathematicians

Two Year 7 teams took part in the Herts Team Maths Challenge on Wednesday evening. This event was held online and there were 25 teams from around the county; our teams finished 2nd and 7th, with the highest placed team going forward to compete in the final on June 9th. Well done to all the girls that took part and good luck in the next stage Team B!

The girls taking part were: Tvisha, Millie N, Elodie, Aleyah, Bharkavi, Amelia M, Emaan, and Sri. Thank you to the Maths Department and especially Mrs Hunt for organising this.

Eid Celebrations

We are aware that many pupils will be celebrating Eid next week, and this may require time out of school. Please ensure you ask permission via the absence email system.

I regret to say that despite our joint strong opposition, the proposed 5G mast has now been put in place by the Sports Hall. I have searched for the planning application on the Watford Borough Council website and cannot find one and as such will now follow this up as soon as possible.

Best wishes,

Sylvia Tai
