

Career Information Days

Offered by Career Days

Suitable for Years 9-13 (ages 14-18)

Charge does apply

For students aged 14-18 we have several online career days they can take part in, designed to help them choose a future career & to give them some work experience to use in their applications.

Every student obtains a personalised certificate they can use in their applications and interviews to university.

The courses are designed for your students aged 14-18 and all take place online together with students from all over the world.

Includes courses on law, psychology, business, architecture, veterinary science, computer science, performing arts, dentistry, medicine and midwifery.

Humanities Residential Course

Offered by Trinity College – Cambridge University

Suitable for Year 12

Trinity is partnering with Churchill College to launch our inaugural Humanities Residential, to be held from 1st – 4th August 2022. Students will undertake a university style research and essay writing project, with the opportunity to learn from and work with Trinity academics in the social sciences, languages, History and English, amongst others. Selected participants will spend four days between Trinity and Churchill, living like a Cambridge student. Register your interest to be informed when applications open:

Economist Degree Apprenticeship

Offered by the Government Economic Service

Suitable for Year 13

The Government Economic Service has launched their Economist Degree Apprenticeship programme for 2022. Starting in September 2022, applications are open now for over 60 vacancies nationwide, with departments such as the HM Treasury and the Department for Work and Pensions.

This is a brilliant opportunity to work in a central government department or agency on some of the most important social, environmental and economic issues our country faces.

Applications close on Monday 14th February at 11.55am. For more information see:

https://www.gov.uk/government/publications/the-government-economic-service-degree-level-apprenticeship?utm_source=AmazingApprenticeships&utm_medium=affiliate+&utm_campaign=gesdap2022&utm_content=schoolsemail

MBDA Open Day - Stevenage

Offered by MBDA

Suitable for Years 11-13

MBDA Stevenage are hosting a careers open day on Saturday 23rd April. It would be a great opportunity to find out more about their early careers programmes and opportunities from current apprentices and graduates. Please see the attached flyer for more information.

UCAS Get into Medicine Conference and Insight into Medicine Conference

Offered by Medic Mentor

Suitable for Years 10-12

Free when you use coupon code: teacher22

Your aspiring medical students are eligible to attend both of the LIVE VIRTUAL UCAS Get Into Medicine Conference and the Insight Into Medicine Conference for FREE. Students who attend both conferences will also automatically be enrolled onto the FREE Medic Mentor Work Experience programme.

Once students have attended, they will be awarded with a certificate from the Presidents at Medic Mentor to acknowledge that they are a student who has gone one step further than others. Both conferences are a significant turning point for students. It will unlock exclusive opportunities such as scholarships and prizes, as well as help you to make a highly competitive application.

UCAS Get Into Medicine Conference

We will be looking at:

Medical UCAS Application

Medical Personal Statements

Medical School Interviews

Getting Work Experience

UCAT & BMAT Exams

CV Building

How to access Medical Medical Awards, Prizes, Leadership Programmes, and Scholarships to study Medicine at University.

<https://medicmentor.co.uk/medicine-national-healthcare-weekend/>

Insight into Medicine conference

Students will have a unique opportunity to interact with doctors from a range of different specialities. From surgeons and hospital physicians to anaesthetists and GPs. Students will get to hear first-hand experiences from our doctors.

Insight into University Experiences

Offered by EDT

Suitable for Years 11-12

Are you studying maths or science subjects and considering studying a STEM subject at university? Did you know that there are accredited virtual and residential summer schools which can help you decide which degree course might be right for you and also enhance your UCAS application? Insight into University summer schools will provide you with an opportunity to interact with university academics, admissions tutors, current undergraduates, and STEM professionals in exclusive live sessions.

Applications close on the 30th of April 2022. Don't delay, sign up today!

For students in Yr11 or Yr12: Virtual Insight into University Experience

This course is like no other! With the mix of live sessions, recorded lectures and hands-on practical STEM activities and projects set by leading UK universities and global STEM companies, you will have a unique opportunity to access all this amazing content in one place, pick-and-choose subjects that interest you and do as many as you wish at your own pace over the summer:

- Life Sciences from University of Warwick
- Materials Science from University of Cambridge
- Maths from Lancaster University
- Food Science from University of Nottingham
- Chemistry and Drug Design from Kingston University
- Chemical Engineering from UCL
- Forensic Science from Abertay University
- Engineering from University of Sheffield
- Computer Science from University of Liverpool
- And lots more!

For more information and the application form, please visit <https://www.etrust.org.uk/insight-into-university>

For students in Yr12: Residential Insight into University Experience

Our residential courses run over 4 or 5 days where you get a taster of university life and an insight into a specific STEM subject. In summer 2022 these will include:

- Maths at Lancaster University
- Materials Science at University of Cambridge
- Mechanical Engineering at UCL
- Robotics & Autonomous Systems at University of Liverpool
- Broad-based Engineering at University of Sheffield

It's just like studying at university! You will get the opportunity to experience university style lectures and work on activities and group projects with the support of academics and student mentors. Throughout the duration of the course, you will stay in halls of residence and will take part in social activities in the evenings.

For dates, cost, requirements, content of each course and the application form, please visit <https://www.etrust.org.uk/residential-insight-into-university>

STEP summer residential courses

Offered by Durham University

Suitable for Year 12 (eligibility criteria apply)

Durham University's STEP programme is still open for applications and will close **this Sunday** on 24 April 2022.

Durham University's Space to Explore Potential programme, or STEP, offers a dedicated space for young Black students in Year 12, to explore not only their own potential, but all that Durham has to offer as a potential university destination.

STEP consists of a 3-day summer residential, along with online information and guidance through Year 12 and 13. Students who successfully gain a place on STEP will have the opportunity to:

- meet current Durham University students and quiz them on their experiences;
- have taster sessions with one of our departments (we are pleased to be working with a few new academic departments on STEP this year. Click [here](#) for further information on which subjects students can apply for);
- access key information, advice and guidance about the UCAS application process;
- receive a guaranteed, alternative offer (typically two grades below) for a programme of study at Durham.

We are thankful for your continued support in promoting STEP 2022 to any interested and eligible students and would appreciate any final push before applications close **this Sunday**. Our eligibility criteria can be found [here](#).

You can see our range of online resources on our [webpage](#). It is worth noting that currently applications for the following strands are slightly lower than the other strands:

Accounting
Marketing and Management
English
History
Philosophy
Theology and Religion
Geography

Occupational Therapy – Meet the Experts

Offered by Buckinghamshire Council

Suitable for Years 12-13 who do not have lesson Thursday 5th May at 12:00-13:00pm

During this event, you can find out more about being an Occupational Therapist – an exciting and rewarding role. You will hear from members of the team about their career journey into OT, the various routes you can take into the profession and learn about what it's like to work as an OT at Buckinghamshire Council. There will be time at the end of the session for questions.

This session is excellent for anyone in the Occupational Therapy sector who is interested in joining our dedicated teams, or wants to find out more about our service and what Buckinghamshire Council can offer.

To register: <https://www.eventbrite.co.uk/e/meet-the-expert-occupational-therapy-tickets-321296956847>

Careers at Tesco information event

Offered by HOP

Suitable for Years 10-13

You'll all be very familiar with TESCO and will undoubtedly be aware of some of the roles people do in store but did you know that TESCO's UK Head Offices are based in Welwyn Garden City and over 1000 people work there? Whilst the in-store teams at TESCO fulfil a vital role there is so much that goes on behind the scenes with apprenticeship, internships and graduate programmes available for young people to access. In this webinar we will meet 4 Tesco employees who have very interesting jobs in Technology, Finance and Merchandising that you may have never heard of before. We will find out more about them, what they do and what it's like to work for The UK's largest supermarket chain.

To register for the event: <https://www.hopinto.co.uk/explore-careers/virtual-employer-encounters/>
